Individual Handicap:

The first Wednesday of the season brought testing conditions for all seven competitors. Nick tuned Paul's new Solo with exhilarating planes throughout the evening. But the gybe round one proved too much! Note how Jim takes the safe way round. Thinking maybe Nick was demonstrating a capsizing drill, Simon quickly followed suit. With only a few minutes of the race remaining the OOD made sure the trainers would sail another day and Charlie blew the whistles to finish the race in style, ladies first, well done Jeanette.

Push The Boat Out

Family Sailing, Dave enjoys a different type of egg hunt with his grandchildren on Easter Sunday.

Free sailing:

Don't forget, last week was the beginning of the free sailing on a Tuesday evening. Come down after 6 but remember you need to be off the premises by 8.45.
